Apex drug regulator seeks list of cough syrup makers from states

ANONNA DUTT
NEW DELHI, OCTOBER 9

THE COUNTRY'S apex drug regulator has asked all states to share a list of cough syrup manufacturers in their jurisdiction, with the aim to conduct a special drive to audit a number of these units, sources said. The move, earlier this week, comes in the wake of at least 14 children from Madhya Pradesh dying after consuming contaminated cough syrup.

"We have already started collecting data from the states. While we might not be able to check each and every unit, even conducting audits at 50% of the manufacturing units will send out a strong message. We will try to inspect companies based on the historical NSQ (Not of Standard Quality) data," said an official in the know of the matter.

Recently, several glaring lapses had come to light in the case of Tamil Nadu-based Sresan Pharmaceuticals, whose syrup Coldrif was found to contain 48.6% of the toxic contaminant diethylene glycol (DEG) as against the maximum permissible limit of 0.1%.

The gaps included the Central Drugs and Standards Control Organisation (CDSCO) not being aware of the company even existing, said sources. According to an official, "The company was first granted a manufacturing licence by the state in 2011, which was renewed in 2016. The CDSCO was not a part of this process." The official said it was only after 2017 that a joint inspection by the state and central teams was mandated for new licences.

As part of its efforts to create a more transparent system as well as a centralised database of all drug-manufacturing units in the country, the CDSCO has a portal called Online Drug License System (ONDLS). The platform can be used by the state drug regulator to provide new licences or renew them for all drug manufacturers, wholesalers, and retailers. The official said that at present, 18 states are using the portal.

"If all states start providing licences through this portal, we will have a comprehensive list of all manufacturing units. There shouldn't have been companies the central drug controller did not know about, but that was the case," the official added.

Another gap that came to the fore was that Sresan Pharmaceuticals never tested the raw materials or the finished product before releasing it to the market as mandated by the law, sources said.
