DAY TODAY

BY PETER VIDAL

ARIES (Mar 21 - Apr 20)

This is not an astounding day from the planetary point of view. But allow yourself as much time as you need for the occasional quiet day-dream. And soon you'll spring into action, surprising everyone.

TAURUS (Apr 21 - May 21)

The social dimension is important so consider asking for help. In the final analysis, you might need no more than moral support. You may be able to achieve everything else by yourself.

GEMINI (May 22 - June 21)

You may give first place to worldly ambitions, but make sure they're mixed with a healthy portion of idealism. The plain fact is that, for some reason, self-interest is often served best if you do what's best for others. But, then, life's strange like that sometimes

CANCER (June 22 - July 23)

Pleasant emotional influences should help you chill out. This means that you may relax and count your blessings. You can sort out legal affairs and travel plans, and make sure that the relevant instructions are absolutely clear.

LEO (July 24 - Aug 23)

Pay a little extra attention to joint finances, especially if domestic duties are spiralling out of control. However, there are few indications of worldly stress today, and many powerful suggestions that you can sail off into a private dream world.

VIRGO (Aug 24 - Sep 23)

You may make social plans and celebrations a priority, and listen carefully to whatever close partners say, as even if their words are apparently nonsense, there is a deeper meaning which could do you a great deal of good. You also stand to benefit from chance events, so keep alert to the ebb and flow of fate.

LIBRA (Sep 24 - Oct 23)

One very interesting and rare planetary aspect reveals the possibility of great generosity. It is, however, unclear as to whether you will be parting with your money or receiving someone else's support. The first option would seem more likely.

SCORPIO (Oct 24 - Nov 23)

There are ways and means in which friends can be of great help. In fact, there is one person who could be more helpful than you ever thought possible. It may be time to ask others to tell you the truth, no matter how uncomfortable.

SAGITTARIUS (Nov 24 - Dec 22)

For some of you it will be pleasant to stay at home, safe within the domestic womb. For others, it will be money that's important and, if you're in the housing market or otherwise dealing with property, events could move in a highly satisfactory direction.

CAPRICORN (Dec 23 - Jan 20)

Sometimes your life is just not your own. Partners will demand your attention even more than in the past. However, if you can manage to make a subtle shift in your perceptions, you should start to pay less attention to loved ones' words — and more to their actions.

AQUARIUS (Jan 21 - Feb 19)

Money can buy your dreams, but only to a certain extent. This is why it will help if you continue to be as practical as you have learnt to be so far this year. You are living in this world of the here-and-now, not in some other mysterious dimension.

PISCES (Feb 20 - Mar 20)

With lunar alignments solidly on your side you have the advantage today, but only just. The way to achieve your goals is to be spontaneous, creative and young at heart. Something you did when you were much younger, might now hold the key to future action.
