

Russian oil imports rise in May

PRESS TRUST OF INDIA
New Delhi, June 14

INDIA REMAINED THE world's second-largest buyer of Russian fossil fuels in May, importing an estimated €5.8 billion (\$6.7 billion) worth of Russian hydrocarbons as refiners stepped up crude purchases from Moscow, European think tank Centre for Research on Energy and Clean Air (CREA) said in a report.

Crude oil accounted for about 83% of India's imports from Russia during the month, valued at €4.8 billion, while oil products and coal imports stood at €550 million and €429 million, respectively.

"India's total crude import volumes recorded an 8% m-o-m increase in May. This is partially explained by a 21% m-o-m increase in Russian imports," CREA said.

Some of India's largest refining hubs recorded notable increases in Russian crude arrivals. Unloaded volumes at the Vadinar refinery in Gujarat rose 36% from April levels, while deliveries to the Jamnagar refining complex in the state increased 14%.

According to CREA, state-run refiners also expanded purchases after resuming imports earlier this year. The New Mangalore and Visakhapatnam refineries, which had halted Russian crude imports at the end of November 2025, continued buying Russian oil after restarting purchases in March.

Russian crude deliveries to New Mangalore rose 13% month-on-month in May, while imports at Visakhapatnam jumped 42%, it said.

IMF only sought methodology upgrade: CEA defends GDP

ASIA NEWS
INTERNATIONAL
New Delhi, June 14

CHIEF ECONOMIC ADVISOR (CEA) V Anantha Nageswaran defended the credibility of India's GDP statistics, saying the country does not use revisions in methodology or base years to artificially boost economic output figures. Nageswaran responded to concerns raised by some economists over India's GDP estimates, stressing that GDP measurement is an estimate in every country and that India follows internationally accepted statistical practices.

"GDP is an estimate. No country can pretend that it has an accurate way of measuring the GDP," he said. The CEA argued that India's recent GDP rebasing exercise demonstrates that the government is not attempting to inflate economic figures through statis-

V ANANTHA NAGESWARAN,
CHIEF ECONOMIC ADVISER

We follow internationally accepted methods and we don't use GDP methodological revisions to bump up numbers artificially

tical changes.

"If they had said Indian GDP was no longer ₹354 lakh crore but ₹384 lakh crore, people would have accepted that. That is what many countries do. In fact, we are the only country which brought it down," he said, referring to the revision following the change in base year and methodology.

"So we are not trying to use any of these methodological changes to bump up our numbers," he added. Nageswaran said India's statistical system

aims to produce reliable data rather than numbers that support any particular narrative. "We produce reliable statistics. We follow internationally accepted methods and we don't use GDP methodological revisions to bump up numbers artificially," he said.

"Our philosophy is to let the statistics speak for themselves." The CEA also pointed to assessments by international institutions, saying criticisms have largely focused on methodology rather than the

reliability of India's data.

"IMF, for example,... questioned us not on the reliability, but on the fact that some of the methodologies need improvement," he said, adding that such improvements have since been undertaken. "I think the problem with some of these critiques is that if the number doesn't meet their expectations, then they are willing to call it, 'I don't have trust in that number'," he said.

Nageswaran further argued that criticism of GDP figures often reflects preconceived views about the economy rather than concerns about the data itself.

Speaking about Artificial Intelligence (AI), he said AI is expected to have a far deeper and wider impact on the global labour market than earlier technological shifts because it simultaneously affects both cognitive and skill-based jobs.

Indian-flagged dhow sinks off Oman coast, crew rescued

PRESS TRUST OF INDIA
Dubai/New Delhi, June 14

AN INDIAN-FLAGGED dhow sank off the Oman coast following a mechanical failure, and all 14 crew members were rescued on Sunday, officials said.

The Indian Embassy in Oman said all 14 crew members were rescued and "safe and in good health," adding that they were moved to a vessel which is heading to Mumbai.

The Mumbai-bound vessel, MV Jabal Ali, is learnt to be a cargo ship.

Rescue operation involving Indian Flagged MSV Virat 1 has been successfully completed. All 14 crew members have been rescued and are presently onboard Jabal Ali 9 heading to Mumbai. The crew members are safe and in good health," the mission said in a post on X.

Authoritative sources said the vessel sank because of "mechanical failure."

Earlier, in a separate post, the

All the rescued 14 crew members are "safe and in good health"

Indian Embassy in Muscat said: "It has emerged that the vessel experienced an engine failure, and the crew eventually transferred safely to a life-raft. Rescue operation is presently underway through ships in vicinity, under coordination of Omani authorities."

The incident comes amid American military actions on merchant vessels defying the US's naval blockade in the region.

The Oman coast witnessed tensions last week as three vessels with Indian crew members came under US attack. One of them killed three seafarers.

India on Friday summoned US charge d'affaires Jason Meeks, the second time in a week, and told him that American military's "lethal and deadly" strikes on commercial

vessels with Indian crew members off the coast of Oman are "unacceptable" and they undermine the safety, security and stability of international maritime commerce.

Indian dies aboard vessel off Oman coast

Meanwhile, in another incident, an Indian national died due to medical complications aboard a vessel currently docked at Duqm Port in Oman, the Indian Embassy in Muscat has said, adding that it has initiated efforts to bring his body back.

The Embassy did not provide the details of the medical conditions leading to his death.

In a social media post on Sunday, the Indian mission said, "The Embassy remains in close touch with family members of the Indian national Mr. Nishanth Uirthanathan, who unfortunately lost his life due to medical conditions, crew members of the vessel and concerned authorities."
